

XII INTERNATIONAL WORKSHOP OF LOWER GENITAL TRACT PATHOLOGY

HPV diseases and cervical cancer:
taking stock of the present and
planning for the future.

ORGANIZING SECRETARIAT

Triumph Italy S.r.l.
Via Lucilio 60 - 00136 Rome
Phone: +39 06 35530 382
Fax: +39 06 35530 262
hpv2015rome@thetriumph.com
www.hpv2015rome.com

Provider n. 712

Triumph ECM S.r.l.
Via Lucilio, 60 - 00136 Rome

Rome 5-7 March 2015

Course Directors

A. Frega, Italy
C. Gentili, Italy
P. Davies, Belgium

**With the Patronage of
Italian Health Ministry**

ROMA CAPITALE

GISCI

Gruppo Italiano Screening del Cervicocarcinoma

		ROOM A	ROOM B
Non-ECM Sessions	07:45 - 08:15		REGISTRATION
	08:15 - 08:30	Welcome	
	08:30 - 09:00	HPV infection and cervical cancer	
	09:00 - 11:00	Cervical screening around the world. Current status and key challenges	Free communications
	11:00 - 11:30	BREAK	BREAK
	11:30 - 13:00	Challenges in cervical screening	Free communications
	13:00 - 14:30	LUNCH	LUNCH
	14:30 - 16:25	HPV disease of the lower genital tract for gynaecologists. First part	HPV disease of the lower genital tract for pathologists. First part
	16:25 - 16:45	Vaccination. Part one	Molecular tests in the cytopathology lab
	16:45 - 17:40 16:45 - 17:55	BREAK	BREAK
ECM Courses	17:40 - 18:35	New frontiers in colposcopy	Liquid-based cytology
	17:55 - 18:35	Challenging situations in colposcopy	New issues in cytopathology
	18:35 - 18:53	Twitter session	Twitter session

Friday 6 March

		ROOM A	ROOM B
08:30 - 10:00	Non-ECM Sessions	Clinical and pathology perspectives. The actors speak. Part one	Free communications
10:00 - 10:30		BREAK	BREAK
10:30 - 13:00		Clinical and pathology perspectives. The actors speak. Part two	Free communications
13:00 - 14:15		LUNCH	LUNCH
		HPV disease of the lower genital tract for gynaecologists. Second part	HPV disease of the lower genital tract for pathologists. Second part
14:15 - 15:15	ECM Courses	Vaccination. Part two	Classifications and quality control in cervical cytopathology
15:15 - 16:15		Management of CIN	Pap-smear: never say never again
16:15 - 16:45		BREAK	BREAK
16:45 - 17:15		Issues in colposcopy	Diagnosis in cytopathology
16:45 - 17:45		Multifocal diseases	Legal questions
17:15 - 18:30			
17:45 - 18:30			
18:30 - 18:54		Twitter session	Twitter session

Saturday 7 March

		ROOM A	ROOM B
08:30 - 10:00	ECM Courses	HPV disease of the lower genital tract for gynaecologists. Third part	HPV disease of the lower genital tract for pathologists. Third part
10:00 - 10:30		Atelier de travail	Atelier de travail
10:30 - 10:45		Issues in clinic	Focus on glandular lesions
10:45 - 11:45		BREAK	BREAK
11:45 - 12:00		Training in colposcopy	Training in cytopathology
12:00 - 12:45		ECM TEST	ECM TEST
12:45 - 13:15	Non-ECM Sessions	Awards and conclusions	
13:15 - 13:30		HPV disease: conclusions in twitter style	
		Closing ceremony	

08:15-08:30 WELCOME
A. Frega, C. Gentili

PLENARY SESSION

08:30-09:00 HPV INFECTION AND CERVICAL CANCER
A. Frega, C. Gentili

- 08:30-08:45 The natural history of HPV infection: "What's happening, brother?"
M.T. Goodman
- 08:45-09:00 What do the natural history studies tell us about the mechanisms of progression vs regression and does this help clinical decision-making?
B. Moscicki

09:00-11:00 CERVICAL SCREENING AROUND THE WORLD. CURRENT STATUS AND KEY CHALLENGES
P. Davies, P. Giorgi Rossi

Cervical screening outside of Europe

- 09:00-09:15 North America
R. Nayar
- 09:15-09:30 South America
S. Tatti
- 09:30-09:45 Asia
R. Sankaranarayanan
- 09:45-10:00 Australasia
M. Saville

Cervical screening in Europe and the Caucasus

- 10:00-10:20 Western Europe
H. Sancho-Garnier
- 10:20-10:40 Eastern Europe
D. Valuta
- 10:40-11:00 The Caucasus
T. Khomasuridze

11:00-11:30 BREAK

11:30-13:00 CHALLENGES IN CERVICAL SCREENING
L. Mariani, S. Tatti

- 11:30-11:45 Encouraging countries to move from opportunistic to organised screening
P. Davies
- 11:45-12:00 The introduction of HPV testing for primary screening. Feedback from the first organised programmes
N. Van der Veen
- 12:00-12:15 Can self-sampling improve screening efficacy among populations with low-screening attendance?
H. Sancho-Garnier

ROOM A

- 12:15-12:30 Screening vaccinated populations. As disease rates decline, when will screening cause more harm than good?
P. Nieminen
- 12:30-12:45 HPV RNA testing: can it improve the screening algorithm?
K.U. Petry
- 12:45-13:00 DISCUSSION

13:00-14:30 LUNCH

ROOM A

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR GYNAECOLOGISTS.

FIRST PART

14:30-16:25 VACCINATION. PART ONE
A. Lukic, J. Paavonen

HPV vaccination around the world. The programmes, the coverage and the challenges

- 14:30-14:42 Europe and the Caucasus
D. Valuta
- 14:42-14:54 North America
R. Nayar
- 14:54-15:06 South America
S. Tatti
- 15:06-15:18 Asia
R. Sankaranarayanan
- 15:18-15:30 Australasia
M. Saville
- 15:30-15:45 Planning a successful HPV vaccination launch: the key elements for success
J. Dillner
- 15:45-16:00 HPV vaccination implementation case study: the Dutch experience
M. Conyn-van Spaendonck
- 16:00-16:15 Vaccination: so how long does the protection really last?
J. Dillner
- 16:15-16:25 DISCUSSION

16:25-16:45 BREAK

16:45-17:40 NEW FRONTIERS IN COLPOSCOPY
K.U. Petry, F. Sesti

- 16:45-17:00 Colposcopy and HPV primary screening: clinical considerations
P. Walker
- 17:00-17:15 Colposcopy in vaccinated populations: how to maintain performance as disease rates decline
J. Paavonen
- 17:15-17:30 The use of HPV-related biomarkers in different clinical applications
M. Kyrgiou
- 17:30-17:40 DISCUSSION

17:40-18:35 CHALLENGING SITUATIONS IN COLPOSCOPY
A. Biamonti, P. Walker

- 17:40-17:55 Colposcopy in pregnancy: balancing the risk of pregnancy loss against cancer development
S. Dexeus
- 17:55-18:10 Colposcopy in menopause: challenges and solutions
K.U. Petry
- 18:10-18:25 Colposcopy: do we need more evidence-based training, standards and QA or just random biopsies?
W. Prendiville
- 18:25-18:35 DISCUSSION

18:35-18:53 TWITTER SESSION
F. Sesti, A. Lukic

- 18:35-18:41 Vaccination. Part one
J. Dillner
- 18:41-18:47 New frontiers in colposcopy
K.U. Petry
- 18:47-18:53 Challenging situations in colposcopy
P. Walker

ROOM B

FREE COMMUNICATIONS

08:30-09:40 CERVICAL CANCER AND HPV
D. French, A. Venuti

- 08:30-08:40 Autophagy is down-regulated by the E5 protein of human papillomavirus 16
M. Nanni, F. Belleudi, S. Raffa, M.R. Torrisi
- 08:40-08:50 Epithelial target cell and the development of cervical disease - current thinking and observations
R. Olaf, R. Sigrid
- 08:50-09:00 MicroRNA 551-b expression profile in cervical intraepithelial lesions
M. Di Properzio, E. Carico, R. Mancini, C. De Vitis, S. Giglio, A. Noto, M.R. Giovagnoli, M. Moscarini, D. Caserta, A. Lukic
- 09:00-09:10 HPV16 E5 as target of immunotherapy
F. Paolini, M. Nazario Cordeiro, R. de Cássia Pereira de Lima, G. Curzio, A.C. de Freitas, A. Venuti
- 09:10-09:20 Human Papilloma Virus infection and his correlation with feminal parameters
N. Grieco, M.A. Di Filippo, T. Notari, G. D'Aniello, S. Ronsini
- 09:20-09:30 The sumo conjugating enzyme ubc9 as a biomarker for cervical HPV infections
C. Casadio, D. Mattoscio, M. Fumagalli, M. Sideri, S. Chiocca
- 09:30-09:40 New prospect in HPV infection therapy
P. Eid

09:40-11:00 MOLECULAR AND MORPHOLOGIST DIAGNOSIS
M.R. Giovagnoli, O. Nappi

- 09:40-09:50 P16INK4a/ki-67 detection in ASC-US and ASC-H cytology with HR-HPV DNA positive test and in corresponding histological sample: preliminary data
T. Addati, R. Nenna, D. Di Clemete, V. Losito, L. Vurchio, A. De Lucia, G. Elicio, P. Miscioscia, A. Belsanti, C.D. Inchingolo
- 09:50-10:00 Cervical Glandular Neoplasia and its look-a-like
S. Rahimi, S. Kenward, I. Akaev, S. Votano
- 10:00-10:10 Incidence of HR HPV and histological alterations in Pap-test with ASC-US
A. Berjawi Charour, N. Prats Montejano, G. Valdelvira Riego, M. Alsina Hipólito, Echavarría Ramos María del Carmen, E. Rodero Salgueiro
- 10:10-10:20 p16/Ki67 dual immunocytochemical staining implementation in three cytopathology laboratories participating in Slovenian cervical cancer screening program ZORA
V. Kloboves Prevodnik, U. Ivanuš, A. Repše Fokter, S. Hutter Celik, S. Jezeršek, U. Klopčič, Ž. Pohar Marinšek, K. Gornik Kramberger, N. Nolde, S. Uhan Kastelic, J. Zalar, M. Lešnjak, M. Fras, N. Irgel, B. Jelen, B. Antolovic, P. Pernat, L. Salobir, K. Seher Ana, N. Štiglic Toš, M. Primic Žakelj, M. Marcec, M. Pakiž, T. Kodric, U. Salobir Gajšek, J. Koren, I. Takac, M. Florjancic, T. Jerman
- 10:20-10:30 Comparative evaluation of RNA and DNA approach for HPV diagnosis
M. Piovan, A. Apolloni, T. Bartolotti, C. Lapucci
- 10:30-10:40 Novel flow cytometry-based assay for detection of E6/E7 mRNA in cervical and anal specimens
M. Mira, J. Coleman, D. Schapfel
- 10:40-10:50 Validation of in-house liquid based medium for HPV detection with Hybrid Capture 2
N. Nolde, S. Uhan Kastelic, V. Kloboves Prevodnik, Ž. Pohar Marinšek, U. Ivanuš, M. Primic-Žakelj, M. Marcec, M. Pakiž, T. Kodric, U. Salobir Gajšek, J. Koren, A. Repše Fokter, I. Takac, S. Šramek Zatler, R. Kavalar, B. Grcar Kuzmanov, M. Florjancic, T. Jerman Tine
- 10:50-11:00 Assessment of Pap-smear quality
Sakonlaya Dussadee, Yanagihara Luckakul
- 11:00-11:30 BREAK**
- 11:30-11:50 MOLECULAR AND MORPHOLOGIST DIAGNOSIS**
S. Votano, A. Frega
- 11:30-11:40 Non Hodgkin Lymphoma some features on the Pap-smear
C. Bosco, A. Chiarugi, S. Cuccato, P. Viacava
- 11:40-11:50 HPV-mRNA test and multiple intraepithelial neoplasias of the female lower genital tract
G.N. Milazzo, A. Catalano, D. French, D. Caserta

11:50-12:40 EPIDEMIOLOGY, SCREENING AND PROGNOSTIC FACTORS
G. Petricone, M. Benevolo

- 11:50-12:00 HPV multiple infections, viral load and integration status: prognostic factors in secondary screening of cervical cancer
L. Bianchi, S. Donati, Z. Napoli, M. Donati, A. Cafissi, M. Niccolai, R. Lari
- 12:00-12:10 Primary HPV test in cervical cancer screening in local health unit of Latina (Italy)
C. Chiappetta, E. Lendaro, J. Cacciotti, G. Migliore, P. Bellaridini, N. Porta, V. Petrozza, C. Della Rocca, C. Di Cristofano
- 12:10-12:20 The 16, 18 and 45 HPV infection triage in primary HR-HPV test screening program in local health unit of Latina (Italy)
C. Chiappetta, E. Lendaro, J. Cacciotti, R. Zaralli, C. Puggioni, G. Migliore, V. Petrozza, C. Della Rocca, C. Di Cristofano
- 12:20-12:30 Cervical cancer screening and cervical excisional treatment among women aged below 25 years between 2007 and 2013 in France
I. Heard, C. Chaignot, G. Maura, A. Weill, F. Alla, P. Ricordeau
- 12:30-12:40 Cervical Cancer
Ö. Nöoeighöowa

12:40-13:10 EDUCATION AND AWARENESS
A. Lukic, P. Scirpa

- 12:40-12:50 Perception about cervical cancer prevention of daughters in Korean mothers
K.Hae Won
- 12:50-13:00 Primary prevention of HPV infection for adolescents
L. Dubravko
- 13:00-13:10 Mediation effects of fear of cancer recurrence on cancer distress and quality of life in cervical cancer patients
T. Shio-Luan, H. Chia-Ching

13:10-14:30 LUNCH

ROOM B

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR PATHOLOGISTS.
FIRST PART

14:30-16:25 MOLECULAR TESTS IN THE CYTOPATHOLOGY LAB
T.M. Darragh, D. French

- 14:30-14:45 Getting around in molecular testing jungle: what clinicians and pathologists should know to properly interpret the results
L. Dillner
- 14:45-15:00 Molecular tests: which tests are ready for clinical use and what do they add to clinical algorithms?
M. Kyrgiou

15:00-15:15 HPV typing: do we know enough to base clinical decisions on HPV type (... or would we treat a woman with HPV 16 differently from a woman with HPV 33)?
K.U. Petry

- 15:15-15:30 HPV E5 oncoprotein: possible role in L-SIL progression
A. Venuti
- 15:30-15:45 Molecular bio-banking: a resource for research
L. Dillner
- 15:45-16:00 What has changed in cytopathologist's report?
M. Desai
- 16:00-16:25 DISCUSSION

16:25-16:45 BREAK

16:45-17:55 LIQUID-BASED CYTOLOGY
C. Bergeron, G. Negri

- 16:45-17:15 The traditional Pap-test vs LBC. Two advocates present their cases
L. Di Bonito, R. Nayar
- 17:15-17:30 LBC: a comparison of the systems
M. Desai
- 17:30-17:45 Automation: can we afford it in these times of austerity?
M. Saville
- 17:45-17:55 DISCUSSION

17:55-18:35 NEW ISSUES IN CYTOPATHOLOGY
M. Benevolo, M. Desai

- 17:55-18:05 The Bethesda 2014 update: what's new?
R. Nayar
- 18:05-18:20 Cytology and HPV testing in the prevention of anal cancer
T.M. Darragh
- 18:20-18:35 DISCUSSION

18:35-18:53 TWITTER SESSION
L. Di Bonito

- 18:35-18:41 Molecular tests in the cytopathology lab
L. Dillner
- 18:41-18:47 LBC
G. Negri
- 18:47-18:53 New issues in cytopathology
M. Saville

ROOM A

PLENARY SESSION

08:30-10:00 CLINICAL AND PATHOLOGY PERSPECTIVES. THE ACTORS SPEAK. PART ONE

A. Biamonti, G.L. Taddei

Cervical cytology or the molecular model: which is the best way forward?

08:30-08:40 Clinical perspective

P. Nieminen

08:40-08:50 Cytopathology perspective

R. Nayar

08:50-09:00 OPEN DISCUSSION

ASC-US and AGC: can we get over this deadlock?

09:00-09:10 Clinical perspective

P. Walker

09:10-09:20 Cytopathology perspective

G. Negri

09:20-09:30 OPEN DISCUSSION

CIN 2. Where are we now: do we treat it or not?

09:30-09:40 Clinical perspective

B. Moscicki

09:40-09:50 Cytopathology perspective

T.M. Darragh

09:50-10:00 OPEN DISCUSSION

10:00-10:30 BREAK

10:30-13:00 CLINICAL AND PATHOLOGY PERSPECTIVES. THE ACTORS SPEAK. PART TWO

A. Lukic, G.L.Taddei

Persistently HPV positive but cytology and colposcopy negative: what are the clinical recommendations?

10:30-10:40 Cytopathology perspective

M. Saville

10:40-10:50 Clinical perspective

W. Prendiville

10:50-11:00 OPEN DISCUSSION

HSIL but clinically normal: who is wrong?

11:00-11:10 Cytopathology perspective

M. Desai

11:10-11:20 Clinical perspective

K.U. Petry

11:20-11:30 OPEN DISCUSSION

Combining molecular tests: can this improve clinical decisions?

11:30-11:40 Cytopathology perspective

C. Bergeron

11:40-11:50 Clinical perspective

M. Kyrgiou

11:50-12:00 OPEN DISCUSSION

What can and can't the pathologist say to clinician and the clinician to the pathologist?

12:00-12:10 Cytopathology perspective

L. Di Bonito

12:10-12:20 Clinical perspective

S. Dexeu

12:20-12:30 OPEN DISCUSSION

Revised terminology for cervical histopathology and its implications for management of HSIL

12:30-12:40 Pathology perspective

T.M. Darragh

12:40-12:50 Clinical perspective

S. Tatti

12:50-13:00 OPEN DISCUSSION

13:00-14:15 LUNCH

ROOM A

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR GYNAECOLOGISTS.

SECOND PART

14:15-15:15 VACCINATION: PART TWO

R. De Vincenzo, E. Siegler

14:15-14:30 HPV vaccination: three doses, two doses or just one?

R. Sankaranarayanan

14:30-14:45 What is the most cost-effective target population? Girls? Boys? Women? Men? Everybody?

J. Dillner

14:45-15:00 New developments in HPV vaccination: what do we know about the nonavalent vaccine?

J. Paavonen

15:00-15:15 DISCUSSION

15:15-16:15 MANAGEMENT OF CIN

B. Moscicki, P. Scirpa

15:15-15:30 Clinical guidelines vs. clinical judgement: where do you draw the line?

P. Walker

15:30-15:45 Treating CIN during pregnancy: key criteria and treatment options

E. Siegler

15:45-16:00 Treating recurrent CIN while preserving fertility in the nulliparous younger woman

M. Kyrgiou

16:00-16:15 DISCUSSION

16:15-16:45 **BREAK**

16:45-17:15 **ISSUES IN COLPOSCOPY**

M. Kyrgiou, C. Zanardi

16:45-17:00 Cervical cancer after CIN treatment: wrong diagnosis, inadequate therapy or just bad luck?
W. Prendiville

17:00-17:15 What are the medical-legal risks in colposcopy and who are the best medical defence lawyers in each country?
P. Walker

17:15-18:30 **MULTIFOCAL DISEASES**

A. Biamonti, S. Dexeuex

17:15-17:30 Multifocal lesions: how and why do they occur?
M.T. Goodman

17:30-17:45 VIN HPV related
L. Micheletti

17:45-18:15 Anal intraepithelial lesions in women with HPV-related disease
S. Tatti

18:15-18:30 DISCUSSION

18:30-18:54 **TWITTER SESSION**

M. Kyrgiou, L. Mariani

18:30-18:36 HPV vaccination. Part two
L. Dillner

18:36-18:42 Management of CIN
E. Siegler

18:42-18:48 Issues in colposcopy
S. Dexeuex

18:48-18:54 Multifocal diseases
M.T. Goodman

FREE COMMUNICATIONS

08:30-09:50 **COLPOSCOPY**

F. Sesti, R. De Vincenzo

08:30-08:40 Chemotherapy in pregnant women with cervical cancer: a single institution experience
C. Ricci, I.N.Trivellizzi, C. Conte, G. Scambia, R. De Vincenzo

08:40-08:50 HPV-positive patients with the CIN relapse -further procedure and treatment
R. Živadinovic, A. Petric, D. Krtinic

08:50-09:00 "See and treat" strategy for HSIL: correlation between colposcopy and histopathology
C. Dragoslovenau, R. Vladareanu

ROOM B

09:00-09:10 Measurement of Quality of Colposcopy within cervical screening in Europe-Quality Assurance of Colposcopy Italian Network (QuACInet)
C. Carriero, S. Leeson, F. Boselli

09:10-09:20 Fertility and early pregnancy outcomes after treatment for cervical intra-epithelial neoplasia: a systematic review and meta-analysis of the literature
M. Kyrgiou, A. Mitra, M. Arbyn, S.M. Stasinou, P. Martin-Hirsch, P. Bennett, E. Paraskevadis

09:20-09:30 Management of patients with cytological low-grade or borderline abnormalities: how powerful is a negative colposcopy?
C. Ricci, M. Martin, K. Neenan, W. Prendiville

09:30-09:40 A case of AIS in pregnancy
M.T. Evangelista, M.R. Primieri, C. Ricci, I.N. Trivellizzi, C. Conte, R. De Vincenzo, G. Scambia, P. Scirpa

09:40-09:50 A case of pregnancy after treatment for IA2 cervical cancer
M.T. Evangelista, M.R. Primieri, C. Ricci, I.N. Trivellizzi, C. Conte, R. De Vincenzo, G. Scambia, P. Scirpa

10:00-10:30 **BREAK**

10:30-10:50 **HPV TESTING AND VACCINATION**

D. French, A. Biamonti

10:30-10:40 Cyto-colposcopic follow-up of an HPV vaccinated cohort of women in Italy: what should we expect in real life?
R. De Vincenzo, C. Conte, N.I. Trivellizzi, C. Ricci, M.T. Evangelista, M.R. Primieri, P. Scirpa, G. Scambia

10:40-10:50 Speranza study: preliminary results of HPV vaccination after loop electrosurgical excision procedure for cervical intraepithelial neoplasia
A. Ghelardi

10:50-12:00 **CERVICAL CANCER PREVENTION IN LOW-RESOURCES SETTINGS**

R. Sankaranarayanan, A. Venuti

10:50-11:00 Prevalence of human papilloma virus infection and cervical pre cancer lesions among female sex workers in Mumbai, India
P. Sharmila, M. Gauravi, S. Surendra

11:00-11:10 Development of HPV PCR assay in menstrual pad for rural Indian Women: Pilot study data. Experience while standardizing method
P. Vrushali, B. Atul, M. Perveen, L. Manoj, M. Amita, P. NS, P. Pallavi, D. Rajesh, V. Ashok

11:10-11:20 Cervical cancer screening in Madagascar: usability of mobile telemedicine for detection of precancerous lesions from smartphone photos
R. Catiarino, D. Ricard-Gauthier, J.C. Matute, U. Meyer-Hamme, M. Undurraga, S. Scariengella, J. Jinoro, P. Vassilakos, P. Petignat

11:30-11:40 Comparative evaluation of Hybrid Capture 2 and cytology as triage tests among VIA/VILI screen positive women
M. Gauravi, S. Surendra, K. Sheetal

- 11:40-11:50 Population based screenings for cervical cancer: cost effective approach in low resource setting using high end methodology in triaging algorithm and genomic integrations
N. Manu, A. Maninder
- 11:50-12:00 Chemopreventive effects of curcumin on cervical cancers and precancerous cells
S. Dusadee, T. Pirath, P. Auragun, C. Saengsoon
- 12:00-12:40 MISCELLANEOUS**
M.T. Goodman, R. Senatori
- 12:00-12:10 Characterization of the vaginal microbiome in women with cervical intraepithelial neoplasia
A. Mitra, D. MacIntyre, L. Yun, A. Smith, J. Marchesi, E. Holmes, J. Nicholson, P. Bennett, M. Kyrgiou
- 12:10-12:20 Impact of Sexually Transmitted Diseases in pregnancy: knowledge of pregnant women
C. Caixeta
- 12:20-12:30 Rare genitourinary anomalies
M. Fahmy
- 12:30-12:40 Prevalence of co-infections with human papillomavirus and mycoplasma/ureaplasma species in women with abnormal cervical cytology
Ji Yong Il

13:00-14:15 LUNCH

ROOM B

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR PATHOLOGISTS.

SECOND PART

- 14:15-15:15 CLASSIFICATIONS AND QUALITY CONTROL IN CERVICAL CYTOPATHOLOGY**
G. Negri, M. Saville
- 14:15-14:35 Cervical cytology specimen adequacy: patient management guidelines and optimizing specimen collection
C. Bergeron
- 14:35-14:55 Quality control in cervical cytology: can we exploit the biomarkers?
M. Desai
- 14:55-15:15 DISCUSSION
- 15:15-16:15 PAP-SMEAR: NEVER SAY NEVER AGAIN**
R. Nayar, A. Venuti
- 15:15-15:30 Cervical cytology: can it survive in the era of HPV vaccination?
C. Bergeron
- 15:30-15:45 Why East European countries should still devote resources to the Pap-smear
P. Davies

- 18:48-18:54 Legal issues for the cytopathologist
M. Desai

ROOM A

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR GYNAECOLOGISTS.

THIRD PART

08:30-10:00 ATELIER DE TRAVAIL

G. Petricone, P. Stentella

Video interactive session on colposcopy coordinated by Walter Prendiville
M. Barbero, A. Biamonti, S. Dexeus, K.U.Petry, S. Tatti, P. Nieminen

10:00-10:30 ISSUES IN CLINIC

C. Carrierro, S. Votano

10:00-10:15 Challenge in menopause: improving diagnosis and treatment
F.M. Primiero

10:15-10:30 HR HPV genotypes on spermatozoa from male partners of infertile couples
A. Perino

10:30-10:45 BREAK

10:45-11:45 TRAINING IN COLPOSCOPY

F. Boselli, P. Inghirami

10:45-11:00 Minimal standards in colposcopy
M. Peroni

11:00-11:15 How to audit your colposcopy practice
P. Cristoforoni

11:15-11:30 The nurse colposcopist: salvation or heresy?
W. Prendiville

11:30-11:45 DISCUSSION

11:45-12:00 ECM TEST

ECM COURSE: HPV DISEASE OF THE LOWER GENITAL TRACT FOR PATHOLOGISTS.

THIRD PART

08:30-10:00 ATELIER DE TRAVAIL

M.R. Giovagnoli, G.F. Zannoni

Interactive slide seminar
L. Di Bonito, G. Negri

10:00-10:30 FOCUS ON GLANDULAR LESIONS

L. Di Bonito, G. Negri

10:00-10:15 Atypical glandular cells and its differential diagnosis from true lesions
M. Desai

10:15-10:30 Histological implication of Pap-smear classified as atypical glandular cell
G.F. Zannoni

10:30-10:45 BREAK

10:45-11:45 TRAINING IN CYTOPATHOLOGY

L. Di Bonito, G. Negri

10:45-11:00 The role of cytotechnician in the lab
C. Bosco

11:00-11:15 How can I update myself: courses, books, e-learning, DIY (do it yourself)...?
M.R. Giovagnoli

11:15-11:30 How to audit my own practice
M. Desai

11:30-11:45 DISCUSSION

11:45-12:00 ECM TEST

ROOM A

PLENARY SESSION

12:00-12:45 AWARDS AND CONCLUSIONS

A. Frega, C. Gentili

12:00-12:30 PRESENTATION AND AWARDING OF THE THREE BEST COMMUNICATIONS

12:30-12:45 AWARDING OF THE THREE BEST SPEAKERS

12:45-13:15 HPV DISEASE. CONCLUSIONS IN TWITTER STYLE

R. Senatori, S. Votano

12:45-12:51 HPV infection and cervical cancer
L. Mariani

12:51-12:57 Screening around the world
P. Davies

12:57-13:03 HPV vaccination
R. De Vincenzo

13:03-13:09 Colposcopy today
P. Walker

13:09-13:15 Cytology: quo vadis?
G. Negri

13:15-13:30 CLOSING CEREMONY

CONGRESS VENUE

Ergife Palace Hotel
Via Aurelia, 619
00165 - Rome

LANGUAGE

The official language of the Workshop is English. Simultaneous translation into Italian will be provided.

ECM ACCREDITATION

During the Congress there will be two **ECM Courses**, one in Room A and one in Room B. The two courses will be simultaneous and will last three days (2 afternoons Sessions and 1 morning Session each). To obtain the credits it is necessary to attend only one course, follow the 100% of the training activity and to exceed the questions proposed by the follow-up test. The effective attendees will be verified by signature of the dedicated records at the time of entrance and exit. Partial and missing survey of participation to the convention works, will not allow ECM accreditation. ECM Test will be distributed by hostesses. Participants will duly have to fill them in, sign and return them to the Secretariat.

The Course "**HPV DISEASE OF THE LOWER GENITAL TRACT FOR GYNAECOLOGISTS**" has been accredited for **5,5 ECM credits** (712-114514).

The Course "**HPV DISEASE OF THE LOWER GENITAL TRACT FOR PATHOLOGISTS**" has been accredited for **5,5 ECM credits** (712-114550).

The specialities and disciplines able to apply for Italian ECM credits are:

- Medico Chirurgo/Surgeon (Anatomia Patologica; Igienica, epidemiologia e sanità pubblica; Ginecologia e Ostetricia; Oncologia; Patologia clinica [laboratorio di analisi chimico-cliniche e microbiologiche]);
- Biologo/Biologist (Anatomia Patologica; Igienica, epidemiologia e sanità pubblica; Patologia clinica [laboratorio di analisi chimico-cliniche e microbiologiche]);
- Tecnici di laboratorio biomedico/ Biomedical laboratory technicians.

National educational aim n. 1: Applicazione nella pratica quotidiana dei principi e delle procedure dell'evidence based practice/Application in the daily practice of the principles and procedures of the evidence based practice.

PARTICIPANTS RECRUITMENT

On the 18th of January 2011 the National ECM commission defined: Sanitary professionals can use direct sponsorships by agencies till 50 ECM credits out of the 150 ECM credits to be acquired throughout three years 2014/16 with the registration of the order of belongings.

The credit certificate will be checked out by COGEAPS and orders, associations where the professional is registered till the greater quote of 1/3.
